

EUROTRAINERS - Design your own on-line courses

Monday, 09 July 2007

Since 2005 institute equalita is involved in the project EUROTRAINERS within the framework of the Leonardo da Vinci program of the European Union. The objective of the project is it to develop an education program for teacher and trainers to instruct them in the necessary abilities for the use of the new information and communication technologies in their learning environment. Above all the program will enable them to create and arrange their own on-line courses and offer them by internet. This education program will be available in spring 2008.
